LETTER OF RECOMMENDATION

I am delighted for this opportunity to write a letter of recommendation for Dana Tours.

TWF Travel have been dealing with Dana Tours since 2011. Since then we have made countless reservations through them for our Corporate as well as Leisure clients, travelling to Mozambique.

All the reservations are made timeously and with attention to detail. No requests are too small or too big for them to take on. They are always professional and take exceptional care of our customers.

I have full confidence in their abilities and would gladly recommend their outstanding service to any potential client.

Sincerely yours

Pieter Pieterse
